Jackie Castle : Ignited: The White Road Chronicles Book Five (Volume 5) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ignited: The White Road Chronicles Book Five (Volume 5):

0 of 0 people found the following review helpful. Jackie has wrote an amazing series! This is not my normal type of ...By Book worm.Jackie has wrote an amazing series! This is not my normal type of read. But wow! glad I read this series. I found myself wanting to find out what happens next all the time. I love the dialogue between the characters and the twists and turns the story takes. The characters are great! I am anxiously awaiting book 6. This series will be a keeper in my library! I definitely will read this series again.1 of 1 people found the following review helpful. An excellent coming of age story that shows a realistic progression ...By Steven NighAn excellent coming of age story that shows a realistic progression of maturity. The main character(s) don't always make the right decision, but they do make realistic decisions. However, what I enjoyed even more was the representation of God and Jesus within these stories. Christian themes abound and are appropriately presented without going overboard in one sectarian direction or another. Whats more she really communicates the idea that God loves us beyond our faults. This love shows through in a way that really moved me. I hope that anyone reading these books not only has a great adventure with these characters, but also comes to understand God better.1 of 1 people found the following review helpful.

RecommendedBy Simon A. ElliottI've read all of this series so far and have loved every word, every sentence, every paragraph and every chapter. Everything I Finnish a book I have that sadness that you get when you have to wait to hang out with your friends again. I love the characters, some are now family. I recommend these books to everyone. I look forward to the next and hope the conclusion is way off, although I think it's way to close

The time has come to band together and stop the evil ruler from taking over Denovo and Wilderland, but the friends of Aloblase are still scattered across the land. Sacrifices will need to be made and promises broken if they hope to keep the cities intact. Alyra and Tarek's patience wears thin with the lost remnant of Curians hidden in the mountains of Tarest. Locked away in the dungeons, Tarek is ready to bring the mountain down on the stubborn Wisdom Keepers while Alyra hopes to reach a peaceful solution. However, the suspicious Curians have their own way of dealing with trespassers. Lotari and Stitch struggle with the choice to wait for Darnel to make the first move or attack head-on before the evil lord's forces reach the borders of Wilderland. Jerin and Katrina work to fortify the borders of the ancient Halls of Knowledge. Hope that the Curians might soon return are hindered when Racahr's supporters threaten all they've worked hard to build in the city of Denovo. Ignited is the fifth installment of the White Road

Chronicles and includes the bonus story Deceived: A White Road Tale novella #4.

About the Author Jackie Castle looks for the extraordinary in every ordinary day that she experiences. She is the author of The White Road Chronicles a fantasy series, The Sentinel Archives for school-age readers, and newly released Madison Creek Bed Breakfast romance series. She has also published articles and short stories in numerous magazines. She's enjoyed many crazy adventures from working as a hairstylist, to her bravest quest: teaching children in daycare and elementary schools. Eventually, she settled down to a somewhat safer pursuit of being a Story-weaver. Now she lives in her comfortable Texas home where she spins marvelous tales and enjoys relaxing in the evenings with her husband Bob, their children and grandchild. Her favorite pastime, besides reading, is traipsing through her imaginary worlds in search of another story. Find out more about her shenanigans over at Jackie Castle's Story World: www.jackiecastle.com. There you can also sign up for her monthly newsletter.
